Municipalika + CAPEx + PWX Conference Agenda - December 2026

Date	Time	Stage A: Municipalika			Stage B: CAPEx + PWX	
		Session Title	Themes Covered		Session Title	Themes Covered
DAY 1 - 9th December 2026						
9 Dec	10:00–11:30	**Inaugural Programme Municipalika 2026**				
9 Dec	11:30–13:00	**Inauguration of the Exhibition & Visit by VIPs and Delegates**				
9 Dec	12:00–13:00	**Inaugural Programme: DCX India Summit**				
9 Dec	13:00–14:00	**CEO & Networking Lunch**				
9 Dec	14:00–15:00	**Rethinking Urban Policy: Enabling Cities to Deliver**	Urban Policy, Reforms, Governance & Ease of Doing Business		**Resilient Cities: Risk-Informed Planning, Safety & Critical Infrastructure**	Safe & Secure Cities, Disaster Response & Resilience; Adverse climatic conditions Digital and risk informed master planning
9 Dec	15:15–16:15	**Financing Urban Growth: Housing, Municipal Finance & New Sources of Capital**	Innovative Urban Infrastructure Financing; Municipal finance; Finance / PPP models, Urban Economic Governance		**Living with Extremes: Heat, Flooding & Climate Risk in Indian Cities**	Urban resilience, Climate Change & Environment Sustainability; Construction in Adverse Climatic Conditions; structural codes, NBCS; Fire Safety & Future-Ready Public Infrastructure; Heat/ Flood resilience
9 Dec	16:30–17:30	**The Digital City: Technology for Better Urban Services**	Digital Governance - platforms and approvals; Citizen e-governance Data driven taxation, cyber security		**Infrastructure That Thinks**	Digital Transformation & Smart Technologies in Public Works; Digital Governance, AI, GIS, IOT, BIM; Risk Mapping Systems Digitization of construction technology
9 Dec	17:30 - 18:30	**Connecting Stakeholders in Exhibition Hall**				
9 Dec	18:45 - 20:00	**Vision Addresses**				
9 Dec	20:00 - 21:00	**Networking Dinner**				
DAY 2 - 10th December 2026						
10 Dec	10:30–11:30	**India's Urban Water Transformation: Scaling Supply, Treatment**	Water supply and distribution; NRW reduction; 24/7, drinking from tap and de- salination Urban water reforms Technology and Project Delivery.		**Building the Low-Carbon City: Energy, Buildings & Urban Efficiency**	Sustainable & Green Building Technologies; Climate Change & Environment Sustainability Green Pro

10 Dec	**11:45–13:00**	**Used Water and Sewerage - Reuse and Recycling**	Used water management; sewerage and used water treatment, recycling, and reuse		**Building Better: New Materials & Construction Technologies for Urban India**	Advanced construction technologies and equipment; Prefabrication and modular construction; Advanced concrete, low-carbon materials, composites; Rapid construction, new façade/ roofing/ walling technologies & construction automation
10 Dec	**13:00–14:00**	**CEO & Networking Lunch**				
10 Dec	**14:00–15:00**	**Transforming India's Waste Management: Policy and Technology**	Waste segregation and collection and transport; Processing infrastructure; Legacy dumpsite remediation; EPR; technology adoption; Compositing and bio-methanation		**Housing for a Growing India: Policy, Finance & New Technologies**	Housing policy; Housing technology, Affordable housing models Land & finance optimization Regulatory frameworks PPP housing Scalable innovations
10 Dec	**15:15–16:15**	**The Circular City: Designing Resource Efficiency Beyond Waste**	Circular Economy, Resource Recovery, Waste-to-energy, Segregation systems, Material recovery facilities RDF - Refuse derived fuel, Electronic waste, bio-medical waste		**Powering Real Estate Growth**	Housing and Real Estate Development, Triggering economies, redevelopment, data centers
10 Dec	**16:30- 17:30**	**Urban Infrastructure Financing**	Water Infrastructure Investment, Mobility investment options, fleet operations' financing Waste infrastruture financing energy and renewable infrastructure financing smart-city and digital infrastructure financing		**Powering Sustainable Cities: Renewables, Efficiency & the Built Environment**	Renewable Energy, Solar Integration, Distributed renewables, Clean energy systems, Energy efficient design, Low carbon built environment
10 Dec	**17: 45 - 19:00**	**Mayors Conclave and Participative cities** *(Urban leadership models, citizen participation, governance innovation, inclusive city planning, municipal collaboration)*				
10 Dec	**19:00 - 20:00**	**UIC Awards**				
10 Dec	**20:00 - 21:00**	**Networking Dinner**				
DAY 3 - 11th December 2026						
11 Dec	**10:30–11:30**	**Building India's EV Ecosystem: Infrastructure, Technology & Investment**	Electric vehicles and fleet electrification; EV charging infrastructure; battery technologies; charging networks; Private investment and business models; Smart mobility solutions		**Durability in Public Works: Renewing Ageing Urban Infrastructure**	Lifecycle Planning, Asset rejuvenation, Climatic resilience, Sustainable asset management Reftrofitting and strengthening

11 Dec	**11:45–13:00**	**Moving the Next Billion: The Future of Urban Mobility in India**	Mass transit systems; Public transport integration Metro/bus/rail connectivity First- and last-mile systems Shared mobility Multimodal hubs; Data-led transport systems		**Rethinking Urban Innovation: New Technologies & New Models**	Urban-tech startups and emerging technologies; AI-driven urban solutions; innovative business models; municipal innovation and pilot projects; public procurement and market access; government-industry collaboration; funding and scaling urban innovations.
11 Dec	**13:00–14:00**	**CEO & Networking Lunch**				
11 Dec	**14:00–15:00**	**The Future of Planned Urbanisation: Cities, Townships & Infrastructure**	Integrated township and greenfield city development; urban master planning and land-use optimisation; mixed-use development; infrastructure and utilities integration; public-private partnerships		**Building Healthier Cities**	Air pollution control; Transport emissions; Construction dust; Waste burning; Air-quality monitoring; Urban Public health/ liveability; Climate and community resilience; Construction and demolition of waste
11 Dec	**15:15–16:15**	**What Makes a Great City? Planning, Liveability & the Urban Experience**	Planning and liveability Universal accessibility, Accessibility in transport and public buildings, Inclusive street design Gender-responsive planning, Age-friendly cities, Child-friendly public spaces		**Nature in the City: Blue,Green & Grey Infrastructure for Urban Resilience**	Urban forests, Wetlands, Biodiversity, Stormwater landscapes Nature-based solutions, Cooling through green infrastructure, Sponge-city concepts
11 Dec	**16:15–17:30**	**Valedictory Session**
